

WARRANTY

At LP Tent...

We pride ourselves in offering the best products on the market. We support our full line of LPTENT products with a 1 to 5 year service package that will insure you and your customers the replacement of any part with manufacturer defects.

The break down of the warranty periods is as follow:

- Jester/Harlequin: 1 Year
- Juggler: 3 Years
- Magician/Strongman: 5 Years
- Inflatables: 1 Year

...running into a problem?

The warranty on our Pop-up items covers product manufacturer's defects on any hardware, fiberglass injected plastic connector piece, the Poly and PVC fabrics, as well as Steel and Aluminum parts of the frames.

Our inflatable series (canopies, arches, furniture and other products) warranty will offer replacement of parts or of the complete product depending on whether the item is repairable or not.

The warranty will not apply to any product that is showing signs of negligence or abnormal wear due to misuse, incorrect installation, lack of ballasting, damages from harsh weather, or of any modifications done to the product without our consent.

The warranty covers the cost of *parts and labor* but does not cover any charge related to shipping. The replacement of parts doesn't increase the initial warranty period.
